Neo-Nazis Hit

Readers' Forum. The dangerous emergence of the neo-Nazi movement of George Lincoln Rockwell should set the wheels of the U.S. Department of Justice in motion to curb this demagogue and his self-confessed storm-troopers, none of whom would make even an anarchist pimple on a real order storm-trooper's neck.

These Rockwellian freaks who picket movies in American cities and stir up disturbances wherever they go should be curbed by the Department of Justice.

Also the American Communist Party should be outlawed; one of the erudite questions I would like to ask Communist Party chairman-secretary, lumbering lumberjack Gus Hall under oath on the stand of a Congressional committee is "How much money is the central 'intelligence' agency paying or giving you, Mister Hall?"
